

## **Region VI**

### **MANGGAD IT KALIBO (WEALTH OF KALIBO)**

**Kalibo, Aklan**

*The tour package includes the three major attractions of Kalibo in one setting – the Pina Village, the Ati-Atihan Village and the award winning Bakhawan Eco-Park.*

#### **Pina Village Tour**

Fall in love with our traditional craft, the pina cloth weaving that has been handed down by our Aklanon ancestors through the ages. Get to touch the plant whose fibrous leaves is the source of the queen of Philippine fabrics and witness the painstaking process of converting this raw material into a lovely textile from fiber extraction to the manual process of intricate weaving. This will be your chance to enrich your vocabulary with Aklanon terms like *suksuk*, *liniwan*, *bastos*, as you encounter them in the process.

#### **Bakhawan Eco-Park Tour**

Treat yourself to an extraordinary nature thrill at the multi-awarded 80-hectare mangrove forest through the 800 meter long bamboo footbridge that will take you to the heart of the plantation and onto the scenic beach.

Immerse yourself to the beauty of nature as you come across the different species of mangroves and their inhabitants – crabs, seashells, birds, fishes and even oysters.

Upon reaching the end of the footbridge, enjoy the warm welcome of the Kalibo Save the Mangrove Association (KASAMA) members and, as they share the story of Bakhawan Eco-Park through song and dance, indulge in gastronomic delight featuring the local produce of the community and feel the soothing breeze coming from the beach fanning your faces.
